

Mute Pod- MUSE MP5

Product Description

Technical Specification:

- Frame: 6063 aviation aluminum alloy
- Glass: (4+0.76PVB+4) laminated glass
- Wall: 1.0mm steel surface/Gabriel upholstery + acoustic package (double-layer 2300g acoustic block) +3.5mm 1800g polyester panel + 350g felt + 9mm 1800g polyester panel +2mm 400g fabric
- Roof: 0.9mm steel surface/Gabriel upholstery + acoustic package (double-layer 2300g acoustic block) +3.5mm 1800g polyester panel + 350g felt + 9mm 1800g polyester panel +2mm 400g fabric
- Bottom : plate Eo 25+9mm plywood with Black ABS edge banding + Steel frame + +25mm adjustable heavy-duty feet + Carpet TPO Eco backer + USA Global Nylon Yarn)

- Coating: TIGER powder electrostatic spraying
- Consumption: 60W, electrical appliances access less than 1000W
- Ceiling light: 0 – 20W
- Wall fan: 0.84W, 1500rpm
- Roof fan :1.92W, 2150rpm *2 (120*120mm
- Ventilation: 1.68m³/min, 59.3CFM, air change rate 50/h12.
- Noise reduction: DS,A 30.3 dB (ISO 23351 1:2020)
- Including Negotiating table and 2 sofas, With/ without monitor holder (woodgrain)
- Exterior Metal Color: Options available
- External Size: W2200*D1970*H2280 mm
