

Sofa- SANTO

Product Description

Technical Specification:

Santo Series Sofa – Flexible Curved Design for Versatile Spaces

Extended Santo Series – An evolution of the Santo Sofa System, featuring two new SKUs: Inner Arc and Outer Arc designs.

Inspired by Nature – Design draws from winding mountain roads and circular loops, creating graceful and flowing curves.

Flexible Combinations – Inner and outer arc modules can be freely combined to suit curved, circular, and arc-shaped space layouts.

Circular Arrangement with Greenery – Outer arc units can be arranged into a full circle, with an open center for adding plants, integrating furniture with greenery for a refreshing look.

Clean & Unified Space – Plant integration creates a tidy, harmonious space with a touch of nature.

Comfort Meets Function – The circular combination can serve as a short-break seating area for staff, enhancing workplace comfort.

Wide Application – Ideal for lobbies, lounges, corridors, and other public or commercial areas.

Enhances Spatial Continuity – Curved arrangements extend visual flow, making spaces feel more connected and elegant.
